November 29, 2020

I congratulate the Toronto Regional Real Estate Board on its commitment over the past century to helping people and businesses navigate complex markets within the Greater Toronto Area. Your members have contributed greatly to untold lives and livelihoods. I know you will continue to do so with utmost professionalism as we seek to reopen our economy responsibly while envisioning a better normal that makes the most of human resilience and puts sustainability at the centre of all things.

As Her Majesty The Queen's representative in Ontario, I send you my best wishes for a very happy 100th anniversary celebration.
